Boston Public Schools invites you to recognize and learn about our multi-tiered system of support for addressing students' behavioral and mental health. Join us in our goal to create safe and supportive learning environments in which students may grow and thrive academically, personally, and socially!

**About the Keynote Speaker:**

**John Trautwein**  
**Will to Live Foundation**

John Trautwein is dedicated to improving the lives and "will to live" of teenagers everywhere through education about mental health and encouraging them to recognize the love and hope that exists in each other. He is a former Red Sox player who has turned a difficult family tragedy of losing a child to suicide into a message to help us all.
